

Overview of MDA EarthSat Weather Data Services

WRMA Foghorn Session
Krakow, Poland
September 16, 2010

Steve Gaddy
MDA EarthSat Weather
Rockville, Maryland, USA

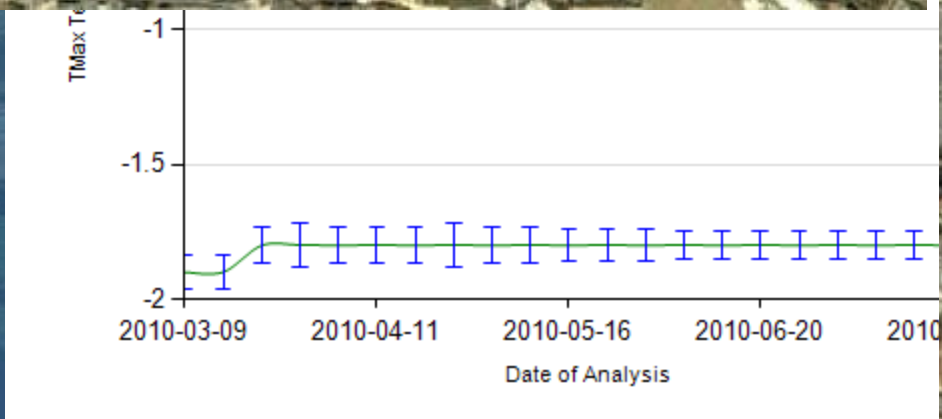

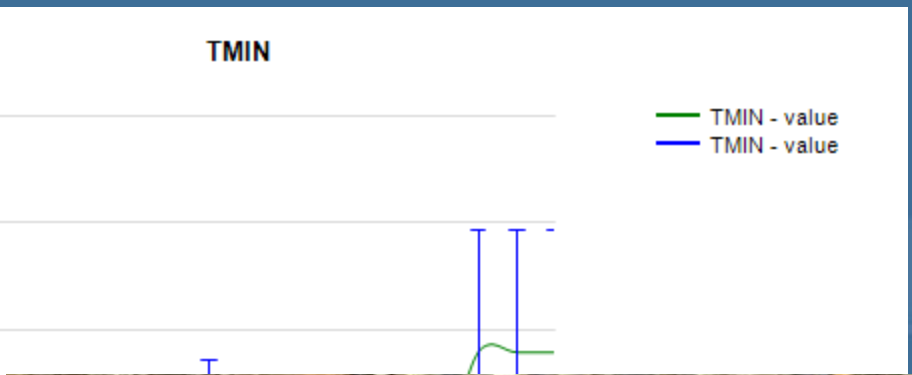

MDA Information Systems, Inc.

What makes an expert data supplier?

- Large on-demand inventory of high-quality data
 - Worldwide supply of cleaned historical and ongoing data
- Ability to react quickly
 - Many requests fulfilled same day – Customizations too
- The Customer as first priority
 - Work to ensure you get the best data to solve your problem
- Knowledge and Credibility
 - Industry leader for over 40 years
 - Supplier of official settlement data to CME for N.America/Europe/Asia
 - Data acquisition contracts with European and Japanese MET agencies
- Good value
 - High volume of business allows provision of low cost to each client

What's new?

- New datasets
 - Access to additional sites in France and Germany
- Wind datasets
 - Quick turnaround for official hourly wind data after European windstorms
- Climetrix Ownership
 - Added snow contract/data analysis capability
 - New technology and reports

Thank You

Steve Gaddy
